“Persistent action to diminish poverty and promote independence”
THE PROMISE OF COMMUNITY ACTION

MISSION
Persistent action to diminish poverty and promote independence

VISION
All Macomb County residents achieve their fullest potential and maintain personal stability and security

VALUES & BELIEFS

People
We are a community where no one should have to walk alone.

Diversity & Inclusion
Embracing diversity and ensuring inclusion strengthens and enriches our community.

Person-Centered Services
Maximum feasible participation and all persons are treated with dignity and respect.

Accessibility, Equity, and Parity
Barriers to independence exist in our community. Persistent action is required to ensure all persons have opportunities to work toward reaching their fullest potential.

Advocacy
To meet our Mission, we encourage collaboration, we inform policy, we impact change.

Community Action changes people’s lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.
DEAR MACOMB COUNTY STAKEHOLDERS,

It is my pleasure to report that Macomb Community Action continues to provide essential services across our region, utilizing best practices and leveraging unique partnerships. In reflecting on the tremendous success of MCA, I would like you to review the Community Action Promise. The Community Action Promise is a national commitment that informs all of the work that we do at Macomb Community Action. It is also a long-standing promise, one that originates from the civil rights movement of the 1960s, and one that calls each Community Action Agency to be responsive to our local community challenges. Across the many services that Macomb Community Action provides, it is important to understand that the Promise of Community Action is not just for those residents that find themselves in need of our services, but it is a promise to our entire community about how we will make our region a better place to live for everyone.

At Macomb Community Action, we want all of Macomb County to understand that the work we do every year is not just for the recipients of our programs and services, but that it is work that benefits every single resident of Macomb County. The work that we do to invest in our community has a ripple effect that improves all of Macomb County. The Promise of Community Action is our commitment to respond to whatever challenges our community may encounter. At MCA our commitment is not just to respond to new community challenges, but to do so in a way that goes beyond a transactional service-delivery approach, and pursues a transformational experience that leaves our residents and our community with a stronger future. Our many partners and volunteers are the foundation of our long-standing success, and we invite you to join us in this important work.

A MESSAGE FROM THE BOARD CHAIR

The Economic Opportunity Act of 1964 created the Community Action Program. Macomb Community Action (MCA) was formed shortly thereafter. Subsequent legislation set forth the organizational and administrative requirements we know and to which we adhere today. Our Community Action Agency tri-partite board structure, therefore, is mandated to promote the participation of the entire community in the reduction or elimination of poverty.

The Macomb Community Action Advisory Board (MCAAB) tri-partite board is comprised of 15 members: one-third from the public sector: public officials or their representatives; one-third from the private sector: representatives from business, industry, labor, faith-based, law enforcement, education or other major groups and interests in the community served; and one-third from the consumer sector: individuals or representatives of low-income families and individuals in the community served.

Guided by THE PROMISE OF COMMUNITY ACTION, MCAAB board reviews all MCA programs and budgets and ensures compliance with the conditions of all federal and state grants and contracts. We make recommendations regarding community needs, strategic plans and priorities. We especially ensure that individual programs and services are supportive of the Mission, Goals and Vision of Macomb Community Action.

With the support of MCA leadership, MCAAB embarked on a comprehensive board development program in 2018 that continued throughout 2019. Each MCAAB board meeting dedicates a block of time for board development to enhance the members’ level of engagement - so vital to the mission of Macomb Community Action. Highlights of 2019 board development sessions include: additional training on MCAAB members’ roles and responsibilities; a presentation of MCA’s new quarterly Community Engagement Councils attended by community members to build relationships and identify gaps and needs in service; a review of organizational standards; a detailed presentation of Macomb Community Action’s Community Development program; a site visit of Head Start classrooms; and an in-depth presentation to prepare for Census 2020.

It is an honor to serve Macomb Community Action (MCA) as a member of Macomb Community Action Advisory Board (MCAAB). It is also a distinct privilege to serve as board chair. On behalf of MCAAB members, I extend sincere appreciation to the expert leadership of Macomb Community Action. Because of your encouragement and dedication, MCAAB members are better prepared to step beyond our advisory role... to become ambassadors of and advocates for Macomb Community Action. Serving as a team, we will strive through persistent action to diminish poverty and promote independence in Macomb County.

COMMUNITY SERVICES

The community services division offers a wide variety of programs to residents and municipalities ranging from transportation services, housing services such as weatherization and rehabilitation, and community development programs. Funding for the various programs include but are not limited to U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Energy (DOE), the U.S. and Michigan Departments of Transportation (DOT and MDOT).

Community Development
The Overview of Funds chart on the right shows the funds that support services of 21 of 26 local communities. Communities receive an allocation based on population and need, then select projects based on local input from residents. The CDBG funds focus on community projects and non-profits, while the HOME funds focus primarily on housing rehab, and the Emergency Solutions Grant (ESG) funds support homeless related activities.

Weatherization
This program performs the installation of energy efficient measures designed to conserve energy and reduce utility expenses. A home energy audit is conducted and determines what items will be installed.

Overview of Funds
U.S. Dept of Housing and Urban Development:
Community Development Block Grant - $1,863,007
HOME - $1,797,863
Emergency Solutions Grant - $154,440
